CHOCOLATE

The big chocolate variety, all of course organic + fair

**We love innovation, variety & sustainability.** In 1992, the very first hand-scooped chocolates were created, and the way we manufactured them was completely novel. We did away with the customary moulds and instead brushed the chocolate and the fillings onto long tracks by hand, layer by layer, developing innovative new flavours and combining classic ones for all-new taste explosions. The 70-gram bar format was also new, and so were Andreas H. Gratz's beautiful wrapper designs – small pieces of art that stand out thanks to their humour and stylistic virtuosity. All of these factors combined have made our hand-scooped chocolates so unique to this day.

This season, the focus is again on hand-scooped chocolates, with 16 new flavours in our range! The overall theme this time around is lemon, and it defines several of the new flavours like »Caramel + Lemon«. Sweet chocolates with refreshing flavours and crispy bits of lemon set the tone, alongside lots of fruity layers in »Strawberry Pistachio«, »Red Roses + Raspberries«, »Utopia Wine + Fruit«, »Berries + Crispy Praline«, and many more. A strong trend is proving to be vegan chocolate, and we are proud to present many new products, revealing a whole new vegan flavour dimension: from »Lemon & Almond« to »Olives + Lemon«, from vegan drinking chocolates to pure Labookos created with oat drinks instead of milk. Our third highlight is the Cheery & Nuts range, that tender-melting chocolate and praline duo with a crunch. There are now 4 new chocolate flavours, and we've also changed the design. Lastly our In • Fusion range stands out with a fusion of chocolate and fruit, and all of our 8 choco lollies are sporting super cute new illustrations.

All in all, we produce more than 500 different chocolate flavours, because we love variety: hand-scooped chocolates, pure Labookos, drinking chocolates, fine flavour Light Bulb couvertures, brightly decorated Mitzi chocolate discs, balleritos chocolate-covered fruit and nuts, and much, much more. Around 240 humans are employed at our family business, working by hand to make all those sweet chocolate dreams a reality.

We love to develop new chocolates and apply ourselves to new research constantly – that’s our passion. At our bean-to-bar chocolate factory, we produce every single chocolate from the cacao bean to the finished chocolate bar, using fair traded organic cacao of sublime quality. We also regularly travel to visit our cacao producers on location.

Our family business counts among the most sustainable companies in Austria. The production line is entirely organic and fair quality, because we care what happens to people and our environment. Our production is powered by 100% green energy, we use environmentally friendly packaging, and our employees are offered a free, organic and delicious breakfast, lunch menu, holiday childcare and much more.

Don't panic ... it's all organic!

# The Zotter Design – Small Works of Art

Zotter art director Andreas H. Gratzke lets us in on his design process

**You've been creating designs for Zotter since 1994, that's almost 30 years at this point.**

*Andreas H. Gratzke:* We've known each other since I was 18. Sepp (*Josef Zotter*) had his chocolate idea and he needed good package designs. Our friendship has held until this day, surviving my 5-year stint in Vienna and 11 years in Berlin.

**Do you draw on paper?**

*Andreas H. Gratzke:* I do, but I use an ink dip pen. This is quicker and more flexible for me. There is no return key to press, but I can revise and re-draw, which oftentimes improves the design or inspires new ideas.

**So the drawings are all in black and white?**

*Andreas H. Gratzke:* Exactly, and they get scanned once they're done. I use coloured markers and pens on separate pieces of paper for the bits I don't want in monochrome. Those get scanned as well, and everything comes together on my computer screen. Sometimes I design separate patterns and structures to be filled into the designs later. Bringing all the parts together to make one design is more work than the sketching and designing itself due to all the

intricate details.

**The designs are as multi-layered as the chocolates themselves, which are built in layers as well.**

*Andreas H. Gratzke:* Yes, I like being playful. I incorporate little details to discover for people who take their time looking at the illustrations. The images may remind someone of a beautiful memory or tell them a story they respond to. Everyone has a different association, but the goal is to bring a smile to people's faces.

**How important is art for our lives? What is art capable of – your art in particular?**

*Andreas H. Gratzke:* Art is essential for the soul and spirit, and also for our freedom. Our freedom of thought, specifically. Art lives in contrast to our mundane, everyday lives. Art is also a distraction. My art is more adjacent to entertainment, but it is a bit more than just cute little pictures. Art should also be challenging. It is supposed to inspire and provoke thought. I'm sure that it helps prevent dementia as well (*laughs*).

The illustrations are small-format pieces of art with an added bonus of free chocolate (*laughs*).

## THE FILLED CHOCOLATE WONDERS - THE ORIGINAL

Hand-scooped is a mixture of inventiveness and manual work. The hand-scooped chocolates are filled chocolates. The fillings are spread in layers on long tracks. During this process up to 6 different layers are combined and coated all around with chocolate. By combining different ingredients such as marzipan and cherry brandy, something new is created all the time – ideally a flavour explosion. Thanks to the wonderful compositions of taste and their unique design the hand-scooped chocolates have turned into a cult.

On the outside, a chocolate shell or colourful fruit couverture, which we create at our chocolate factory, fruit-to-bar, from a piece of fruit to the finished delicacy. The stunning colours are derived entirely naturally from berries and other fruit. On the inside, there are homemade praline variations, which we produce, nut-to-bar, from freshly roasted nuts, pure cocoa butter and a bit of delicious chocolate. You can immediately taste the sublime nut quality and high nut ratio. The whole thing is enhanced with many chopped nuts and crispy bits of fruit for a tasty crunch. # Drinking Chocolate

## THE BIG BANG OF THE CHOCOLATE CULTURE

Xocolatl was the liquid gold of the Incas, Mayas and Aztecs. Josef Zotter revitalises the origin of the chocolate culture and composes innovative variations of drinking chocolates that bathe in hot milk in the form of small chocolate bars. The hot drinks are available in many varieties and colours. And in summer one can also enjoy the drinking chocolates on ice, as cold drinks. We offer pretty drinking sets for the perfect presentation.

**Mixed:** Heat up 200-300ml of milk or plant-based alternative for each bar of drinking chocolate. Combine the chocolate and the liquid, wait until the chocolate starts to melt, mix well using a food processor or a hand mixer and your chocolate smoothie will be ready in no time!

**Stirred:** Heat up 200-300ml of milk or plant-based alternative. Add a bar of drinking chocolate to the liquid and let it steep for 1-2 minutes, then whisk until the bar is dissolved. Let the drink sit for another 1-2 minutes to allow all the flavours to infuse before giving it another good whisk. Enjoy!

# IN•FUSION

## A FUSION OF CHOCOLATE & FRUIT

**A new, unprecedented level of chocolate – sublime, tender-melting and refreshingly fruity!**

We fuse chocolate – bean-to-bar – with genuine berries and other fruit. Enjoy exquisitely dark chocolate with a fresh lemon flavour, milk chocolate with notes of raspberry, dark chocolate with tangy notes of sour cherry and much more. The chocolate flavour is always dominant but alongside, there's a fruity surprise alongside a fabulous melt thanks to the high cocoa butter content.

### **The Inspiration**

Cacao naturally has a wide range of fruit and lemon aromas. Because nature is amazing, we want to emulate her, and that's how we got the idea to enhance the cacao bean's natural aroma profile with genuine berries and other fruit.

In • Fusion is made for pure chocolate aficionados, but it's pretty popular even with those who don't usually gravitate towards dark, more bitter chocolates.

For all those who want to enjoy “normal” chocolate. Pure chocolates in 3 flavours: bittersweet, mountain milk and berry white, that’s white chocolate with berries. Created, bean-to-bar, at the Zotter chocolate factory with all **ORGANIC + FAIR** ingredients. We only use the best raw materials for our chocolates, like fine cacao instead of commercial cacao, pure cacao butter, raw cane sugar, milk from alpine farms in the Tyrol, genuine Bourbon vanilla and absolutely no palm oil. Still only the best, but in a new format!

# Praline Bar

## Finally, Zotter's praline bar has arrived:

a soft, homemade praline with fine bits of nut, covered in chocolate. Great for when you're on the go, perfectly portioned as a mini snack for nut fans big and small. Created nut-to-bar, from the original nut to the finished product, at Zotter's chocolate factory and featuring a super cute animal design. We use only the finest nuts for a high nut content, organic Tyrolean mountain milk, valuable raw cane sugar and pure cocoa butter, as always entirely without palm oil. Our environmentally friendly packaging is made from paper with a bioplastic coating.

## The return of the coffee couverture coat!

Whole hazelnuts on a homemade almond praline with a pinch of salt manage the trick of being a delicious praline that's not too sweet. The caffeinated guarana in the almond praline and the homemade coffee couverture coat ensure a proper boost of energy, and the coffee was created at our in-house coffee roastery using fair traded organic beans. The silhouette of the mountains made of nuts sticking out of the chocolate inspired the name »Nutting Hill«, our praline snack with crunchy, nutty peaks.
