

Direct shipping to your customers

We are pleased to offer direct shipping to your customers via the logistics service provider WeShip to the countries listed in the offer below.

We will issue an invoice you for the shipping costs (see page 2) these prices included the service charge and shipping boxes. **Any customs duties incurred for shipments to non-EU member states will be borne by the recipient.**

In order to be able to carry out the direct dispatch, we need the exact address data of your desired recipients from you as an Excel file. You will receive this template from us, which must not be changed under any circumstances.

IMPORTANT: Please check all addresses for correctness in order to avoid unnecessary return shipments and costs (see page 2 - return package and return costs). All returned items will be collected and sent to you in the condition in which they are returned to WeShip. The costs for this will be charged directly to you. All clarification cases (if addresses are incomplete, incorrect, etc.) are automatically sent back to the logistics service provider and also forwarded to you at your expense.

The order form on page 3 must be filled out and confirmed, we can just take care of shipping if the form is filled out.
