CHOCOLATE

The big chocolate variety, all of course organic + fair

We love innovation, variety, quality & sustainability. In 1992, the very first hand-scooped chocolates were created, and the way we manufactured them was completely novel. We did away with the customary moulds and instead brushed the chocolate and the fillings onto long tracks by hand, layer by layer, developing innovative new flavours and combining classic ones for all-new taste explosions. The 70-gram bar format was also new, and so were Andreas H. Gratz's beautiful wrapper designs – small pieces of art that stand out thanks to their humour and stylistic virtuosity. All of these factors combined have made our hand-scooped chocolates so unique to this day.

For our current collection, we have created 15 brand-new hand-scooped chocolate flavours: refreshing ones like our *Hibiscus + Mint* and *Fine Praline with Lemon*, fruity delicacies like *Raspberry Cherry with Pumpkin Crunch* and vegan *Red Fruit*; tender-melting varieties like *Almond Praline Intense* and *White Chocolate Mousse* and crazy ideas like *Brains & Eggs* featuring caramelised pig's brains and eggnog, a surprisingly lovely taste experience, and also something the world could use more of right about now. There are some novel Labookos, »Labooko uno« - a single gift bar, and for all those who want to experience the wide variety of cacao aromas, we've got the new Labooko Special with 2 different chocolates to compare, one 75% *Guatemala* + 75% *Madagascar* and one 70% *Uganda* + 75% *Tanzania*. Our newly developed »Choccy Vibes« range: a chocolate with colourfully candied whole nuts & fruit, available in 5 flavours such as *Caramel Flow*, *Nutty Confetti* and more. In addition, we've innovated some fruity caramel: our new raspberry caramel and apricot caramel are here, in the shape of big bonbons, as part of the »Choc 'n' Roller« mix. Due to popular demand, we're also now offering our »Sweet Fruitsies« in chocolate as pure single-variety flavours: *Dates in 100% Cacao*, *Apricots in White Chocolate*, *Plums in Dark Chocolate* and *Figs in Dark Milk Chocolate*. And for all those who love to mix it up, there's *Sunny Mix* featuring all of the flavours.

All in all, we produce more than 500 different chocolate flavours, because we love variety: hand-scooped chocolates, pure Labookos, Drinking Chocolates, fine flavour Light Bulb couvertures, brightly decorated Mitzi chocolate discs, balleros chocolate-covered fruit and nuts, and much, much more. Around 230 humans are employed at our family business, working by hand to make all those sweet chocolate dreams a reality.

We love developing new chocolates, and we're passionate about doing our research diligently. At our bean-to-bar chocolate factory, we create each chocolate from the cacao bean to the finished, delicious chocolate bar, using only fair traded, organic cacao beans of the highest quality. We regularly travel to cacao growing countries in order to meet our cacao suppliers. We recently visited Tanzania and Uganda and our bean-to-bar production manager was in Peru.

Our family business counts among the most sustainable companies in Austria. The production line is entirely organic and fair quality, because we care what happens to people and our environment. Our production is powered by 100% green energy, we use environmentally friendly packaging, and our employees are offered a free, organic and delicious breakfast, lunch menu, holiday childcare and much more.

Don't panic ... it's all organic!

The Filled Chocolate Wonders – The Original

Hand-scooped is a mixture of inventiveness and manual work. The hand-scooped chocolates are filled chocolates. The fillings are spread in layers on long tracks. During this process up to 4 different layers are combined and coated all around with chocolate. By combining different ingredients such as marzipan and cherry brandy, something new is created all the time – ideally a flavour explosion. Thanks to the wonderful compositions of taste and their unique design the hand-scooped chocolates have turned into a cult.

Drinking Chocolate

The Big Bang of the Chocolate Culture

Xocolatl was the liquid gold of the Incas, Mayas and Aztecs. Josef Zotter revitalises the origin of the chocolate culture and composes innovative variations of Drinking Chocolates that bathe in hot milk in the form of small chocolate bars. The hot drinks are available in many varieties and colours. And in summer one can also enjoy the Drinking Chocolates on ice, as cold drinks. We offer pretty drinking sets for the perfect presentation.

Available in 110 g packs of 5 bars à 22 g ea.,
and also individually packaged.
Available in 17 varieties + 4 variations

The Labooko range features fine flavour cacao from the best cacao growing regions in the world. Each chocolate contains a rare cacao variety with a vivid history, from the Maya cacao grown in Belize and Guatemala to Dominican cacao harvested in a nature reserve. Cacao is a tool for environmental conservation, it thrives as a mixed crop and in the middle of the rain forest, and it also safeguards the traditional life of indigenous people as well as guaranteeing a decent income for them.

Each year, we release a new Opus – this year it's a top cuvée featuring mountain cacao hailing from five different countries.

THE FUSION

A FUSION OF CHOCOLATE & FRUIT

A new, unprecedented level of chocolate – sublime, tender-melting and refreshingly fruity!

We fuse chocolate – bean-to-bar – with genuine berries and other fruit.

Enjoy exquisitely dark chocolate with a fresh lemon flavour, milk chocolate with notes of raspberry, dark chocolate with tangy notes of sour cherry and much more.

The chocolate flavour is always dominant but there's a fruity surprise alongside a fabulous melt thanks to the high cocoa butter content.

The Inspiration

Cacao naturally has a wide range of fruit and lemon aromas. Because nature is amazing, we want to emulate her, and that's how we got the idea to enhance the cacao bean's natural aroma profile with genuine berries and other fruit.

The Fusion is made for pure chocolate aficionados, but it's pretty popular even with those who don't usually gravitate towards dark, more bitter chocolates.

Large format chocolate classics

Pure classics in all the classic flavours: white chocolate, milk chocolate and dark chocolate. Alongside our hazelnut and almond classics.

The secret to a classic chocolate bar lies in the selection of high-quality ingredients and the very special processing we do at Zotter's bean-to-bar factory. Of course, all the classics are also entirely organic and fair. This is how you do something good for the environment, the farmers and also yourself.

We use environmentally friendly cardboard and organic foil packaging. Our cellulose foil is made from renewable raw materials; it's biodegradable and even compostable as per EN 13432.

Praline Bar

Finally, Zotter's praline bar has arrived:

a soft, homemade praline with fine bits of nut, covered in chocolate. Great for when you're on the go, perfectly portioned as a mini snack for nut fans big and small. Created nut-to-bar, from the original nut to the finished product, at Zotter's chocolate factory and featuring a super cute animal design. We use only the finest nuts for a high nut content, organic Tyrolean mountain milk, valuable raw cane sugar and pure cocoa butter, as always entirely without palm oil. Our environmentally friendly packaging is made from paper with an organic plastic coating.

Nutting Hill

The Praline Bar with Whole Nuts

25 g praline bar
 1 variety available

Whole hazelnuts on a homemade almond praline with a pinch of salt manage the trick of being a delicious praline that's not too sweet. The caffeinated guarana in the almond praline and the homemade coffee couverture coat ensure a proper boost of energy, and the coffee was created at our in-house coffee roastery using fair traded organic beans. The silhouette of the mountains made of nuts sticking out of the chocolate inspired the name »Nutting Hill«, our praline snack with crunchy, nutty peaks.

CraftAkt is Zotter's think tank: for this range of chocolates, we've marinated the cacao beans in alcohol for 2 whole months and then roasted them using a very specific method. Through the heating process, the alcohol dissipates, but the wonderful aroma of amaretto, whisky and rum remain! It's a chocolate innovation featuring the finest alcohol aroma without the added hangover. Enjoy these handmade prototypes, decorated with sensual illustrations. It's a pleasure!
