## On trend. Austria's top innovative businesses of 2026

**Zotter Chocolates officially counts among the »Top innovative businesses of 2026«.**

*trend*, the Austrian economic weekly, in collaboration with *Statista*, an independent market and consumer research institute, has presented a group of genuine role models in innovation as well as an official ranking of the 100 most innovative businesses in Austria.

Product innovation, process innovation and innovation-focused company culture were used as a basis for their analysis.

**»For Easter, we're proud to present an entirely new form of caramel: fruit caramel. We offer it as hand-scooped chocolates and inside our chocolate Easter eggs. We've used a new technique to render the caramel extra fruity, not too sweet, and with a bit of fruit acid. We can't wait for our customers to try it for the first time.«**

Julia Zotter

Easter is symbolic for tradition as well as renewal, and both serve as our new collection's main themes. Eggnog classics meet new innovations like super fruity, super soft raspberry caramel in our hand-scooped »Sweet Easter Treat« chocolate. Our »Easter Chocolate« features a fruity and vegan raspberry and coconut filling. You'll have the choice of 13 hand-scooped Easter chocolates with wondrous fillings, freshly made every day.

The »Easter Choc« from our Squaring the Circle range is only sweetened with dates, and will get you in the proper Easter spirit with its new, colourful design. We also offer small bars as »Bunny Snacks«, pure »Easter Joy« from the Labooko range, handmade Easter bunnies and Easter eggs from the Mi-Xing range and carefully curated seasonal chocolate egg Easter gifts. We produce the Easter egg chocolate shells ourselves, which allows us to create – alongside our classic chocolate eggs – soft pink raspberry eggs, which we now fill with two different layers: a homemade praline and either a fruity strawberry mousse, our new raspberry caramel or passion fruit caramel.

For Mother's and Father's Day, we offer a variety of brightly decorated hearts and flowers, with Mum and Dad lettering, and of course delicious hand-scooped gift chocs like »For the Most Amazing Mum Ever!« with a red rose and raspberry filling and »For the Best Dad in the World!« with a boozy whisky centre.

Spring and summer will continue to be fruity and very berry with colourful, fruity chocolates from our vast standard range: big ones, small ones, pure ones and filled ones.

## CUSTOMER TESTIMONIALS

»Extremely delicious and creamy chocolate.  
Addictive! Melts in the mouth. Beautifully  
prominent notes of caramel, and the chocolate has  
a delightful crunch. A perfect balance«.

»Great flavour, handmade, stunning packaging  
design, a high-end product!«

»I frequently find praline chocolates too sweet,  
but with this one, the sweetness is just right. An  
amazing blend of caramel and praline, and the  
crunch lends it that special something! Harmonious  
and a delicious combination! Has instantly become  
my favourite chocolate!«

»This chocolate is a fantastic composition! Zotter  
rarely disappoints, and this time, they've surpassed  
themselves. This delicious praline with that tiny bit  
of crunch... and while I prefer dark chocolates with  
70% and above, I found this one to be a resounding  
success.«

## 100% ORGANIC + FAIR + BEAN-TO-BAR

Our entire business is Fair Trade verified. We are a member of WFTO – the World Fair Trade Organization, which is the umbrella organization for global fair trade. The WFTO monitors business compliance with the 10 principles of fair trade like transparency, respect for the environment, the payment of fair prices and no use of child labour among others. For more on this, go to [www.zotter.at/fair-trade](http://www.zotter.at/fair-trade) and [www.wfto.com](http://www.wfto.com)

100% BEAN-TO-BAR: Zotter chocolates are produced starting from the bean in our bean-to-bar chocolate factory.

All the ingredients for the chocolate come from ORGANIC cultivation. The number of the organic board of control serves as identifying information. ORGANIC control number: **AT-BIO-402**

## WFTO - LABEL OF EXCELLENCE

The independent NGO "Südwind" has closely examined all the WFTO's current ecology, transparency and social effectiveness credentials and has designated it exemplary in terms of credibility and social issues. The World Fair Trade Organization (WFTO) is the international umbrella association for more than 400 fair trade organisations in around 70 countries. In Austria, members of the WFTO are **ARGE Weliläden, EZA** and **Zotter**. In contrast to the Fair Trade label, the WFTO label isn't purely a product certification but has instead been created to designate organisations whose core business is fair trade. As a member of the WFTO, we are delighted to have received the label's highest score. You can find the independent label check online by clicking here: <https://siegelcheck.suedwind.at>

## THE PROTECTION OF THE ENVIRONMENT

is a very important aspect of our corporate philosophy.

Our environmental protection and our environmental measures are ISO 14001 and EMAS certified. EMAS-certified companies are recorded in a Europe-wide register and are regularly checked and monitored on a national level by environmental experts approved by the environment department.

You can find our environmental declaration in German online at [www.zotter.at/umwelt](http://www.zotter.at/umwelt)

## BIOGENIC PACKAGING & BIOPLASTICS

Around 90% of our packaging is biogenic and made from renewable raw materials.

We use certified paper from sustainable sources and environmentally friendly colours for all our packaging. For the most part, we use bioplastics, which consists of renewable raw materials, is biodegradable and even compostable, compliant with the EN 13432 standard.

## DESIGN

Andreas H. Gratze (A-H-G), Zotter's art director has created our beautiful designs with pen and tons of humour since 1994. [www.a-h-g.at](http://www.a-h-g.at)

## ORGANIC SOY LECITHIN

We use soy lecithin from controlled organic cultivation in white and milk chocolates. Soy lecithin is guaranteed non-GMO and environmentally friendly, as no part of the rain forest is destroyed for its cultivation. Our dark chocolate does not contain soy lecithin.

## STORAGE ADVICE

We do not use any artificial stabilizers or preservatives. For this reason, our goods are more temperature sensitive than other high-quality chocolate products.

**Ideally you should store Zotter chocolates in a cool and dry place where the temperature is between 16 °C and 18 °C.**

You should not put the chocolates into a fridge. This way they would lose their substance because the humidity would let the sugar crystallise. If the temperature is too high, though, it will result in the emission of cocoa butter which will settle as a white film on the surface of the chocolate. The loss of the cocoa butter will dry out the chocolate – hence, the flavour of the chocolate will suffer.
