** However, due to the high volume of parcels and the limited capacity in the distribution centres of the delivery staff, there may be delays with shipments due to seasonal fluctuations: In accordance with § 7a KSchG (Consumer Protection Act), the fulfilment period for contracts for goods is 30 days, which we reserve by promising a non-binding delivery period, as longer delivery times may occasionally occur due to incidents on the transport route (e.g. loss of the shipment, initiation of a shipment investigation, etc.).
